

Make a Drink for In Defense of Water 2020!

The “Dirty Dam Water”

Our work on getting a fair deal to address the dirty water behind the [Conowingo Dam](#) hit some rough water due to the pandemic. First, the early adjournment of Maryland’s general assembly killed our emergency bill. Then Exelon used the pandemic as an excuse to not run the fish ladder during the migration season for shad. This murky drink might look like the dirty dam water, but it certainly doesn’t taste like it!

Ingredients:

- 1 cup chilled apple cider
- ½ cup chilled Prosecco (Or your favorite sparkling wine)
- Sugar for the rim of the glass (optional)
- Apple slices for the rim of the glass (optional)

You’ll need:

- Champagne flutes (Or regular wine glasses, we’re not judging!)
- A large glass or pitcher to mix the ingredients

Instructions:

1. Wet the rim of the glass with water.
2. Dip the glass in sugar to coat the rim.
3. Combine the apple cider and sparkling water in a pitcher.
4. Pour the cocktail into your champagne flutes.
5. Cut a slice of apple for the rim of the glass. (Optional)
6. Enjoy!

Tip: You can add a sprinkle of cinnamon to the cocktail for an extra kick!
